DISSOLVED PARTNERSHIP.—The
partnership heretofore existing be-
tween S. M. and E. H. Stock has been
mutually dissolved, the latter retiring
from the business owing to ill health.
S. M. Stock will continue the business
assisted by W. M. Ray formerly with
Lipman, Wolf & Co., of Portland,
who has associated himself with the
business. His experience as a dress
goods clerk will add materially to the
popularity of this well established
house. We wish the new firm every
success.

FROM EOLA.—THE JOURNAL apolo-
gizes to those brave Bryan men of
Eola for reporting only one majority
for their candidate, when they really
had three. Good.

A Valuable Prescription.
Editor: Morrison, of Worthington,
Ind., "Sun," writes: "You have a
valuable prescription in Electric Bit-
ters, and I can cheerfully recommend
it for Constipation and Sick Headache,
and as a general system tonic it has no
equal." Mrs. Annie Stehle, 2025 Cot-
tage Grove, Ave., Chicago, was all run
down, could not eat nor digest food,
had a headache which never left her
and felt tired and weary, but six bot-
tles of Electric Bitters restored her
health and renewed her strength.

SATURDAY'S FOOTBALL.

Willamette University to Play Chemawa
Tomorrow.

Saturday afternoon the University
team will play a return game with
the Chemawa team at the latter
place. The boys will go down on the
2:30 local returning on the Salem local
in the evening. A very interesting
game is anticipated. Captain Olinger
expects to line up the University
team as follows:

Center.....Webb
Right guard.....Ridings
Left guard.....Pugh
Right tackle.....Truitt
Left tackle.....B. Savage
Left half.....Jesse Legg
Right half.....W. Evans
Full back.....McCormick
Quarter back.....M. Miller
Right end.....Beeler
Left end.....Olinger

NOTES.

The team for the tournament
games has not yet been actually de-
cided upon, however there is excellent
material from which to select a strong
team. Besides those above named,
promising candidates for a place on
the team together with the respect-
able positions for which they are striv-
ing are as follows: J. H. Robnett,
Disque, Chase and Judd, tackle;
Alex Moir, quarter back; Chas. Win-
ters, halfback; Richardson, Looney
and Townsend, end. The boys are
turning out every evening and
practicing hard and since the person-
nel of the first team of the univer-
sity is not positively known
some of these candidates may yet
obtain a place there in.

A large crowd of Salemites will go
to Chemawa on the 2:30 local armed
with horns, whistles and other music
and noise producing instruments,
and add enthusiasm to the game.
They will return on the Salem local
in the evening.

The report that Aleck Moir, Willa-
mettes quarter back, has been for-
bidden to play any longer, is evidently
unfounded. The team would suffer
an almost irreparable loss since his
place could not readily be supplied.
We are pleased to learn Mr. Moir will
continue to play.

ON THE WILLAMETTE.

Freight and Passenger Traffic Light.
—Other Notes.

Boat agents state that the traffic on
the river, both in freight and passen-
ger departments, is quite light. Evi-
dently the restoration of confidence
and prosperity has not yet affected
boating circles, however the boatmen
are living in anticipation of at least
an improvement on the present condi-
tion of affairs.

Boating on the Willamette this
winter promises to be quite as lively
as that of last year. There will be
three companies competing on the
river this winter, viz: O. R. & N., O.
C. T. and the O. C. & E.

The O. R. & N. Company now has a
daily boat to Portland from Indepen-
dence, the steamers Gypsy and El-
more running alternately. The Gypsy
left this morning, at 6 a. m., for Por-
tland, and the Elmore will arrive up
from the metropolis this evening.

Steamers Ramona and Altona, of
the O. C. T. Company, are now mak-
ing regular trips between Indepen-
dence and Portland, leaving Salem at
7:45 a. m. daily.

The steamer Albany passed up the
river, Thursday, for Albany. The O.
C. & E. Company will probably oper-
ate only the Albany this winter.

The river now registers 4 feet above
low water mark, but is gradually fall-
ing. This stage permits of very sat-
isfactory boating and it is hoped the
river may maintain a sufficient stage
to insure good boating continually.

isting between W. A. Hamilton &
